The Class of 1957
REUNION

The Class of 1957 would like to thank everyone on the Reunion Committee for all the many suggestions regarding locations, bands, dates, hotels and the vast amounts of time and effort they have put into making our 50th Reunion a success. Each member of the Committee has added something special to this endeavor.

Co-Chairpersons: **Robie Nischwitz McKinnon**, Coordinator, who was relentless in working with and coordinating all committee activities and **Joan Babbitt Shepherd**, Treasurer, who kept a tight rein on the purse strings somehow managing to keep us operating in the black with a little left over to start the next reunion.

Secretary and Typist Extraordinaire: A special thank you to **Anne Bonnell Warren** for constantly updating our mailing list, printing the reunion letters and working many, many hours to compile and type all the class data for the reunion booklet.

Artistic Design: Many thanks to **Dick Voehl** who has applied his artistic talents to creating our mailings and creating, preparing and printing the unique 50th Reunion booklet.

The Class of '57 Website: Thanks to **Nancy (Wicks)** and **George Bemis** for the wonderful idea and implementation of a class website. People have sent pictures from eons ago and the website has grown and been carefully maintained for our pleasure.

Collating, Mailing and Proofreading: So that you received all the pieces of mail you were supposed to, **Gail Smith Thornton**, **Lucille Caruso Rothemich**, **Anne Bonnell Warren** and **Robie Nischwitz McKinnon** spent a long day folding, stuffing and stamping the mailings to start this ball rolling. And on another afternoon, the proofreading was done when the booklet was typed...just to be sure. Thank you, ladies.

Phone Calls: Everyone on the committee needs to be thanked for the time spent and phone calls made to classmates in an effort to get the entire class together for this very special reunion. 50 years is along time. A special thanks to **Bill Saloukas** and **Sally Dammann Scotti** for their perseverance and tenacity ultimately bringing several people around.

Classmate Research: Seeking people...**Louise Greisser Keleher's** new hobby. There were many classmates we had "lost" and Louise found quite a few for us. Thanks, Louise.

Name Tags: **Jean Van Nortwick Christian** has taken on the task of designing and preparing all the name tags so we'll know each other immediately. Thank you, Jean.

Photo Display: **Lucille Caruso Rothemich**, **Sally Dammann Scotti** and **Jean Van Nortwick Christian** have gathered pictures and have arranged a display for a walk down memory lane. How very nice. Thanks much.

Hospitality: To **Betty Hewitt Maire** and **John Lipani** a big thank you for hosting our reunion meetings in their homes, making sure we had food and allowing us to spread out all over their dining rooms. And, to **Dale** and **Pete Wegener**, a very special thank you for opening their home for an "ice breaker" evening on Friday night the 5th.

Centerpieces: In the hands of two crafty ladies, **Mary Lou Armstrong Bird** and **Sandy Smith Pear**, a beautiful job was done. Thanks for tackling this project.

And a special thanks to **Bob Martin** who has offered to pay for the bar tab during the cocktail hour & also a souvenir bottle of wine for each person at the reunion.

And thank you **Bill Saloukas** our very special MC.

It's hard to remember what's been going on since last seeing you all. Two events clearly stand out. Her "new" knee is a year old and working like a champ, she totaled her car a few weeks ago and purchased a Prius Hybrid. This is very scary business – driving without a key and using a "Bluetooth" to communicate. With eldest daughter, she had a fabulous trip to Tuscany to celebrate Caroline's 40th birthday. She, Joan and Gary enjoyed a visit to Edna's digs on the Outer Banks a year ago. There was a whole bunch of laughter going on! Has been two years since last trip to NJ and needs an East Coast fix! "Really look forward to visiting with the Class of '57!"

Loves living in California and has five children – Mark lives nearby in Campbell, Troy and Linda live in San Diego, Scott and Catherine and the triplets live in San Luis Obispo, and Laura lives at home. As proud grandparents of two-year old triplets, Eva, Brielle and James, making the three-hour trip every six to eight weeks is a pleasure. She never expected to be the grandparent of triplets and has such fun watching to see how they interact with each other and loves every minute of watching them grow up. She thinks it's much nicer to be the grandparents of triplets than the parents. For 12 years has been Coordinator for Eastfield Ming Quong, a non-profit mental health organization and is proud of her work there. Enjoys traveling to places like Ireland to visit relatives, England, Hawaii and the Dominican Republic where daughter Linda spent 3 years in the Peace Corps. Has visited various states in the USA. Before her marriage, she spent a year traveling through Europe in a MGB sports car. Next year plan to go to Portugal to visit relatives. Her main passion is tennis and she plays at least five times a week. Plays in social interclub groups and well as on about three USTA teams each season. Has joined two extra clubs for extra matches. Went to the Nationals in Arizona with team last year and came in second. "Tennis is supposed to be a lifetime sport and it is certainly keeping me young."

 Life is good! Has been blessed by God since he finally got to know Him. Graduated from UC-Berkeley, immediately married, entered the Army as 2nd Lieutenant and after 2-years returned to San Francisco Bay area for a career with Coldwell Banker & Co. This led to becoming Relocation Manager for Pacific Telephone. Divorced after 19 years and two children, remarried in 1981 to June a southern girl from Nashville. Moved back to MaBell and lived in New Vernon, NJ for ten years. We both retired and moved into our present home in the western NC mountains at 4100 ft. with summer temperatures at 80 degrees max. Enjoys local golf clubs, has home on a lake and loves being in tall pines and seeing an occasional black bear. Has been married to June for 26 years. Upon retiring from AT&T started real estate appraisal business, which is being sold to the employees. It's time to smell the roses and work in wood shop between travels. Leaving for Alaska soon. Please call if you are going to be in this part of the world. Would enjoy entertaining you.

Married right after high school and had three children. Moved to Little Silver and worked part-time for Park Record in Red Bank, which she bought in 1969 and owned until 1975 when she divorced husband. After many ups and downs, finally bought competitor Jack's Records calling it "All Sales Vinyl" located in book store where she traded off managing the store while she sold used LPs, 45s and CDs. Gave up business in 2004 and is happily working at Border's Books in Eatontown. She loves it...much less stress. Her children are David, a marketing specialist for Wachovia Insurance Services whose wife Maria is an RN at Jersey Shore. They have a daughter Amber Maria and live in Neptune. Debra is married to John O'Donnell, is a nurses aide and they live in Middletown. Andrew, a Psychologist, is married to Francine, has a 6-year old son named Sam and lives in Haddonfield. Because Sandy was so young when she had her children, they are now older than she is". They visit with each other often. Has many friends and dates occasionally. Is an avid reader and music lover; loves the oldies, rock and jazz. Is a big fan of movies, the Yankees and horse racing.

Since my Mom died last year I had nothing holding me in NJ and I did not have anything particular in mind to do when I retired, so I decided to start over again close to one of my children - something I said I would never do - follow my kids - but somehow age and illness changes that concept. My daughter, Trish Cook, has published 2 young adult books with Penguin Press, plays guitar in an all-woman band, runs marathons and generally is a really fun person. She and her husband, Steve, have 2 girls, Courtney - 12 and Kelsey - 9. They love to travel as a family and are always on the go. My son, Tom Casey, is the Deputy Spokesperson for the State Department. He is a career diplomat, as is his wife, Amy. They have served in Venezuela, Nigeria, Peru, Belgium and Washington. In his current position, he can often be seen and/or heard on radio and TV. Who knows where his next assignment might take him. It has been a fun perk for me to get to visit parts of the world I might otherwise not have seen. He and his wife have 2 children, Brendan - 11 and Morgan - 7. So, if anyone has ideas on how to re-create one's life in retirement, I am interested in hearing about them.

Volunteer making Hug-a-Bears for the Telephone Pioneers that are distributed to police, emergency and social agencies to be given to children. They also volunteer at holiday time to a local hospitals Festival of Trees. Actually, leads a rather quiet life but manages to have fun. They have both been blessed with good health. Gads, that looks boooooooring for the last 50 years!!! As an aside, "I remember graduation night...we all had been drilled so much about marching, sitting standing, etc. and everything was so regimented. Graduations nowadays are so much more fun...more celebration than an exercise in perfection."

Her life in El Paso is a tranquil one and she enjoys every day. Likes to travel, garden, and search thrift stores for used books. Reading is her passion, and a good read for 25 cents or a dollar is hard to beat. Last July she and her daughter enjoyed a cruise to Alaska...it was awesome. Would go again in a heartbeat. Daughter, Kathleen Loomes, is a Pediatric Gastroenterologist at Children's Hospital of Philadelphia where her days are filled with teaching, research in liver disease, and seeing patients. Visits a couple of times a year and always enjoys herself. Since she retired and opted to stay in El Paso for the weather and the reasonable cost of living, she has made a number of improvements to the house and is content even with two hip replacements.

 Between helping his wife, Sue with her children's clothing business and traveling with his firm he keeps himself busy, hopefully trying not to think about all the major bullets he keeps dodging as far as his health is concerned. Has two daughters who are giving he and Sue grandchildren they can spoil. Started to write and has produced two novels. Having fun trying to promote them. This venture has surprised everyone, especially himself who must have failed every English and literature class ever taken at NPHS. Speaking of school, "my grandson who is in the first grade, just got an hour's detention. His teacher said that it is the first time in 18 years of teaching first grade she had to give out detention. I wonder who he can possibly take after?"

Thanks to all the members of the Class of 1957 who have responded. Whether you are coming or not, it has been exciting to learn about you during this year of preparation and find out what and how you are doing. It is wonderful that so many of you were able to join us.

We wish all our classmates could have been with us and especially think of those who were unable to attend due to poor health and of our classmates who have passed away.
